

Mr. Tovar, Delegates, and Membership of the PAGA,

My name is Terry Plumley and I am seeking the office of the PAGA National Tournament Director during the National convention at Corpus Christie

I joined the Oklahoma City Pan Am in 1978

I have held the tournament director position several times for my chapter

I was Host City Tournament Director and Chairman for the 2006 PAGA National Tournament and Convention in Oklahoma City

I assisted Irving Chapter during their convention when they had some scoring issues

I assisted Connie and Julian Estorga during their National tournament in the scoring room

I am seeking Tournament Director because I believe there is a need for change and organization for the National Tournament. Scoring seems to always be a major issue during our tournament I will work to bring technology into our organization to solve this dilemma.

I will work to have the organization purchase laptop computers load them with scoring software and the golfer database and issue them to the host city. It will then be the National Tournament Directors job to train 9 members of the host city to run these computers at each of the courses selected. This will solve the largest dilemma for the host city.

Terry Plumley

Oklahoma City, Ok. PAGA
